**TO: ZLS Parents**

**RE: School Communication on Weather Condition School Changes**

As we enter the winter months here in Jackson County and you never know what the weather will be like sometimes from day-to-day, this note is being sent as a reminder on how communications to parents will be made should bad weather cause changes in the timing of our school day and/or school closings.

As a reminder, there are several ways in which any changes will be communicated to you:

1. Notice on our school website <http://www.zionschoolseymour.org>
2. Notice on our Facebook Page
3. Notice on our school Sycamore system
4. Radio stations WJAA(96.3) & WKKG (101.5)

Notices will be put on all these communication devices as soon as a decision is made to change the school day in any way. Note that for you to get on the school Sycamore system you will need to have your account set up. If you do not have one set up yet, please get with Mrs. Bicknell in the school office and she will help you with that.

Your child's teacher should be sending information home regarding E-Learning days. E-Learning days occur when we experience inclement weather and need to continue our learning beyond the classroom. Please refer to your teachers' directions as to how to access your child's work. E-Learning days are an extension of the school calendar and are considered part of students' regular attendance.

Also, as a reminder, ZLS does not necessarily follow the Seymour Community School Corporations weather changes exactly; thus, do NOT automatically think what you hear concerning SCSC schools is what we are doing. There may be times when they have a school delay when we do not. Local Lutheran schools are normally in sync on such issues.

Be sure to check one or all these sources out if you think there might be a change in the school day due to weather. If you have any questions, please call the school office, or send a Pass-A-Note through Sycamore.

Thanks & Blessings,

Mrs. Kimberly Sullivan
